DIV. OF OIL, GAS & MINING

Dear Mr. Thomas:

On September 27, 2012, the Bureau of Land Management, Salt Lake Field Office (BLM), conducted a Surface Compliance Inspection on your mining operation located in T. 10 N., R. 16 W., Section 14, SLB&M, serialized U-77761, Rosebud #1 and #2.

From that inspection it was determined that mining operations have been idle for at least two seasons and the three camping trailers on site have become inhabitable and can no longer be utilized with your mining operation. Please have them and all other trash and debris removed from public lands before the end of this year.

If you have any questions, or require additional information, please contact Larry Garahana of my staff at (801) 977-4371.

Sincerely,

ACTING
